FUND SUMMARY

POLEN GROWTH FUND

Investment Objective

Polen Growth Fund ("the Fund") seeks to achieve long-term growth of capital.

Fees and Expenses

This table describes the fees and expenses that you may pay if you buy, hold and sell shares of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the table and example below.**

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment):

	Investor Class	Institutional Class
Management Fees.	0.85%	0.85%
Distribution (Rule 12b-1) Fees.	0.25%	None
Other Expenses.	0.12%	0.12%
Total Annual Fund Operating Expenses¹.	1.22%	0.97%

¹ Polen Capital Management, LLC ("Polen Capital" or the "Adviser") has contractually agreed to reduce its investment advisory fee and/or reimburse certain expenses of the Fund to the extent necessary to ensure that the Fund's total operating expenses (excluding taxes, fees and expenses attributable to a distribution or service plan adopted by FundVantage Trust (the "Trust"), interest and other costs of borrowing, extraordinary items, "Acquired Fund Fees and Expenses" and brokerage commissions) do not exceed 1.00% (on an annual basis) with respect to the Fund's average daily net assets (the "Expense Limitation"). The Expense Limitation will remain in place until August 31, 2026 unless the Board of Trustees of the Trust approves its earlier termination. The Adviser is entitled to recover, subject to approval by the Board of Trustees, any fees waived and/or expenses reimbursed by the Adviser on or after January 1, 2017 with respect to the Fund for a three year period following the date of such fee waiver and/or expense reimbursement. The Adviser is permitted to seek reimbursement from the Fund, subject to certain limitations, for fees it waived and Fund expenses it paid to the extent the total annual fund operating expenses do not exceed the limits described above or any lesser limits in effect at the time of reimbursement. No recoupment will occur unless the Fund's expenses are below the Expense Limitation amount.

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in Investor Class shares and Institutional Class shares of the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same (reflecting any contractual fee waivers). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
Investor Class	\$124	\$387	\$671	\$1,478
Institutional Class	\$99	\$309	\$537	\$1,191

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 37% of the average value of its portfolio.

Summary of Principal Investment Strategies

The Fund typically invests in a focused portfolio of common stocks of large capitalization companies (market capitalizations greater than \$10 billion at the time of purchase) that, in the Adviser's opinion, have a sustainable competitive advantage. In addition, the Fund may from time to time purchase a common stock, including the common stock of a medium capitalization company (market capitalizations greater than \$2 billion but less than \$10 billion at the time of purchase), that does not meet this criteria if, in the Adviser's opinion, the stock represents a particularly attractive investment opportunity.

The Adviser uses an intensive fundamental research process to identify companies that it believes have certain attractive characteristics, which typically reflect an underlying competitive advantage. Those characteristics include: (i) consistent and sustainable high return on capital, (ii) strong earnings growth and free cash flow generation, (iii) strong balance sheets typically with low or no net debt to total capital and (iv) competent and shareholder-oriented management teams. The Fund invests in companies that the Adviser believes have a sustainable competitive advantage within an industry with high barriers to entry.

The Adviser believes that consistent earnings growth is the primary driver of intrinsic value growth and long-term stock price appreciation. Accordingly, the Adviser focuses on identifying and investing in a concentrated portfolio of high-quality large capitalization growth companies that it believes has a competitive advantage and can deliver sustainable above average earnings growth. The Adviser integrates material environmental, social, and governance (ESG) factors into research analysis as part of a comprehensive evaluation of a company's long-term financial sustainability. The Adviser believes that such companies not only have the potential to contribute greater returns to the Fund, but also may hold less risk of loss of capital.

The Fund is non-diversified, which means that a significant portion of the Fund's assets may be invested in the securities of a single or small number of companies and/or in a more limited number of sectors than a diversified mutual fund. Although the Fund may not "concentrate" (invest 25% or more of its net assets) in any industry, the Fund may focus its investments from time to time in one or more sectors of the economy or stock market.

The Fund will usually sell a security if, in the view of the Adviser, there is a potential threat to the company's competitive advantage or a degradation in its prospects for strong, long-term earnings growth. The Adviser may also sell a security if it is believed by the Adviser to be overvalued or if a more attractive investment opportunity exists. Although the Adviser may purchase and then sell a security in a shorter period of time, the Adviser typically invests in securities with the expectation of holding those investments on a long-term basis.

Summary of Principal Risks

The Fund is subject to the principal risks summarized below. The order of the below risk factors does not indicate the significance of any particular risk factor and the relative significance of each risk below may change over time. These risks could adversely affect the Fund's net asset value ("NAV"), yield and total return. It is possible to lose money by investing in the Fund. The Fund may not be a suitable investment for all investors.

- **Equity Securities Risk:** Stock markets are volatile. The price of equity securities fluctuates based on changes in a company's financial condition, historical and prospective earnings of the company, interest rates, investor perceptions and overall market and economic conditions. The prices of securities change in response to many factors including the value of its assets.
- **Growth Style Risk:** Growth stocks may be more volatile than other stocks because they are generally more sensitive to investor perceptions and market movements. In addition, growth stocks as a group may be out of favor at times and underperform the overall equity market for long periods while the market concentrates on other types of stocks, such as "value" stocks.
- **Large Cap Risk:** Large cap risk is the risk that stocks of larger companies may underperform relative to those of small and mid-sized companies. Large cap companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes, and also may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.

- **Market Risk:** The values of, and/or the income generated by, securities held by the Fund may decline due to factors that are specifically related to a particular company, as well as general market conditions, such as real or perceived adverse economic or political conditions, inflation rates and/or investor expectations concerning such rates, changes in interest rates, or adverse investor sentiment generally. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments. Geopolitical events, including terrorism, tensions or open conflict between nations, or political or economic dysfunction within some nations that are global economic powers, may lead to instability in world economies and markets, may lead to increased market volatility, and may have adverse long-term effects. Events such as environmental and natural disasters, public health crises (such as epidemics and pandemics), social unrest, and cybersecurity incidents, and governments' reactions to such events, could cause uncertainty in the markets and may adversely affect the performance of the global economy.
- **Management Risk:** The risk that the investment techniques and risk analyses applied by the investment adviser, including but not limited to the Adviser's integration of ESG factors into its research analysis, will not produce the desired results and that legislative, regulatory, or tax developments may affect the investment techniques available to the investment adviser and the individual portfolio manager in connection with managing the Fund. There is no guarantee that the investment objective of the Fund will be achieved.
- **Mid-Cap Risk:** Medium-sized companies are usually less stable in price and less liquid than larger, more established companies. Therefore, they generally involve greater risk.
- **Non-Diversification Risk:** Because the Fund is non-diversified and may invest a larger portion of its assets in the securities of a single issuer than a diversified fund, an investment in the Fund could fluctuate in value more than an investment in a diversified fund.
- **Sector Risk:** Although the Fund may not "concentrate" (invest 25% or more of its net assets) in any industry, it may focus its investments from time to time on one or more economic sectors. To the extent that it does so, developments affecting companies in that sector or sectors will likely have a magnified effect on the Fund's NAV and total returns and may subject the Fund to greater risk of loss. Accordingly, the Fund could be considerably more volatile than a broad-based market index or other mutual funds that are diversified across a greater number of securities and sectors.
- **Information Technology Sector Risk.** At certain points, the Fund has focused its investments in the information technology sector. Information technology companies face competition and potentially rapid product obsolescence. They are also heavily dependent on intellectual property rights and may be adversely affected by the loss or impairment of those rights. Companies in the information technology sector are facing increased government and regulatory scrutiny and may be subject to adverse government or regulatory action. Companies in the software industry may be adversely affected by, among other things, the decline or fluctuation of subscription renewal rates for their products and services and actual or perceived vulnerabilities in their products or services.
- **Risks Related to Changes in Government Policies and Institutions:** The U.S. government has recently made, and may continue to make from time to time, significant changes to established, and in some cases longstanding, policies and institutions of the United States federal government, including the restructuring of the United States' trade relationships, imposition of tariffs on products imported from foreign markets, reducing government investment, and downsizing or dismantling of government agencies. Such changes may have immediate and/or longstanding effects on the economies of the United States, its trade partners, and/or its allies. There could be a wide range of consequences that are difficult or impossible to predict from such actions. Such consequences may include a decrease in regulatory oversight of certain highly regulated industries (banking, financial services, data security, drug and medical device development, and energy), an increase in regulatory backlog leading to significantly slower regulatory approval processes, uncertainty with respect to the authority of certain agencies or their personnel, the inability of the federal government and its agencies to maintain the security of personal data of United States citizens and/or of other digital assets. The business and prospects of companies that do business with the government or which rely on government funding may be materially and adversely affected.

Performance Information

The bar chart and the performance table below provide an indication of the risks and volatility of investing in the Fund by showing: (a) changes in the performance of the Fund's Institutional Class shares from year to year; and (b) how the average annual total return of the Fund's Institutional Class and Investor Class shares compare to those of a regulatorily required broad-based securities market index (S&P 500® Index) (the "Regulatory Benchmark") and the Russell 1000® Growth Index (the "Performance Benchmark"). The Performance Benchmark is generally more representative of the market sectors and/or types of investments in which the Fund invests or to which the Fund has exposure and which the Adviser uses to measure the Fund's performance. The Fund has included in the table below the performance of the Regulatory Benchmark, which represents a broader measure of market performance, to comply with new regulatory requirements. Total returns would have been lower had certain fees and expenses not been waived or reimbursed. Past performance, both before and after taxes, does not necessarily indicate how the Fund will perform in the future. Updated performance information is available on the Fund's website at <https://www.polencapital.com/strategies/growth-fund> or by calling the Fund toll-free at (888) 678-6024.

Calendar Year-to-Date Total Return as of June 30, 2025: 2.19%

During the periods shown in the chart:

Best Quarter	Worst Quarter
27.04%	(24.06)%
(June 30, 2020)	(June 30, 2022)

Polen Growth Fund — Institutional Class Shares				Since Inception (September 15, 2010)
Average Annual Total Returns For the Periods Ended December 31, 2024	1 Year	5 Years	10 Years	
Return Before Taxes	16.23%	10.41%	13.48%	14.37%
Return After Taxes on Distributions	14.91%	9.39%	12.72%	13.66%

S&P 500® Index (reflects no deductions for fees, expenses or taxes) ¹	25.02%	14.53%	13.10%	14.45%

Polen Growth Fund — Investor Class Shares Average Annual Total Returns For the Periods Ended December 31, 2024	1 Year	5 Years	10 Years	Since Inception (December 30, 2010)
Return Before Taxes	15.98%	10.14%	13.20%	13.30%
Russell 1000® Growth Index (reflects no deductions for fees, expenses or taxes) ¹	33.36%	18.96%	16.78%	16.40%
S&P 500® Index (reflects no deductions for fees, expenses or taxes) ¹	25.02%	14.53%	13.10%	13.78%

¹ The Russell 1000® Growth Index is an unmanaged index measuring the performance of the large-cap growth segment of the U.S. equity universe. It includes those Russell 1000® Index companies with higher price-to-value ratios and higher forecasted growth values. The S&P 500® Index is a widely recognized, unmanaged index of 500 common stocks which are generally representative of the U.S. stock market as a whole.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your tax situation and may differ from those shown and are not relevant if you hold your shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts. After-tax returns shown are for Institutional Class shares; after-tax returns for Investor Class shares will vary.

Management of the Fund

Investment Adviser

Polen Capital Management, LLC serves as the Fund's investment adviser.

Portfolio Managers

- **Dan Davidowitz, CFA**, Portfolio Manager, has served as portfolio manager of the Fund since its inception in 2010. He has been a member of Polen Capital's Large Company Growth Team since joining the firm in 2005.
- **Damon Ficklin**, Head of Team, Portfolio Manager, has served as a portfolio manager of the Fund since January 2024. He previously served as portfolio manager for the Fund from 2012 to 2019. He has been a member of Polen Capital's Large Company Growth Team since joining the firm in 2003.

Purchase and Sale of Fund Shares

Minimum Investment Requirements

Tax Information

The Fund intends to make distributions that may be taxed as ordinary income or capital gains. Such distributions are not currently taxable when shares are held through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account. However, subsequent withdrawals from any tax-deferred account in which the shares are held may be subject to federal income tax.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the financial intermediary for the sale of Fund shares and/or for related services to shareholders. These payments may create a conflict of interest by influencing the broker-dealer or other financial intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

MORE INFORMATION ABOUT THE FUND'S INVESTMENT OBJECTIVE, STRATEGIES AND RISKS

INVESTMENT OBJECTIVE

The Fund seeks to achieve long-term growth of capital. Although no change is anticipated, the Fund's investment objective may be changed by the Trust's Board of Trustees without shareholder approval upon written notice to shareholders. There is no guarantee that the Fund will achieve its investment objective.

ADDITIONAL INFORMATION ABOUT THE FUND'S INVESTMENT STRATEGIES

The Fund's principal investment strategies are discussed in the "Fund Summary" section. Principal investment strategies are those that the Adviser will use on a day-to-day basis to achieve the Fund's investment objective. This section provides more information about these strategies, as well as information about some additional strategies that the Fund's Adviser uses, or may use, to achieve the Fund's objective. Additional information about these investment strategies and practices and related risks is also provided in the Fund's Statement of Additional Information ("SAI"). The Fund may also use strategies and invest in securities that are not described in this Prospectus, but that are described in the Fund's SAI. The investments and strategies discussed below are those that the Adviser will use under normal market conditions.

The Fund may borrow to the extent permitted by the Investment Company Act of 1940, as amended ("1940 Act"). At times, the Fund may be required to segregate or earmark certain assets determined to be liquid by the investment adviser (generally, short-term investment grade fixed income securities) to cover borrowings.

The investments and strategies discussed above are those that the investment adviser will use under normal market conditions. The Fund also may use other strategies and engage in other investment practices, which are described in the Fund's Statement of Additional Information ("SAI").

In anticipation of or in response to adverse market or other conditions or atypical circumstances such as unusually large cash inflows or redemptions, the Fund may temporarily hold all or a portion of its assets in U.S. Government securities, money market funds, cash or cash equivalents. The investment adviser will determine when market conditions warrant temporary defensive measures. Under such conditions, the Fund may not invest in accordance with its investment objective or principal investment strategy and may not achieve its investment objective.

PRINCIPAL RISKS

The Fund is subject to the principal risks summarized below. These risks could adversely affect the Fund's NAV, yield and total return. It is possible to lose money by investing in the Fund.

- **Equity Securities Risk:** Although investments in equity securities, such as common stocks, historically have been a leading choice for long-term investors, stock markets are volatile because of many factors. The price of equity securities fluctuates based on changes in a company's financial condition, historical and prospective earnings of the company, interest rates, investor perceptions and overall market and economic conditions. Market performance and economic factors may adversely affect securities markets generally, which could in turn adversely affect the value of the Fund's investments, regardless of the performance or expected performance of companies in which the Fund invests. Holders of common stock generally are subject to more risks than holders of preferred stock or debt securities because the right to repayment of common stockholders' claims is subordinated to that of preferred stock and debt securities upon the bankruptcy of the issuer.
- **Growth Style Risk:** Growth stocks may be more volatile than other stocks because they are generally more sensitive to investor perceptions and market movements. In addition, growth stocks as a group may be out of favor at times and underperform the overall equity market for long periods while the market concentrates on other types of stocks, such as "value" stocks.
- **Large Cap Risk:** Large cap risk is the risk that stocks of larger companies may underperform relative to those of small and mid-sized companies. Large cap companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes, and also may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.

- **Market Risk:** The values of, and/or the income generated by, securities held by the Fund may decline due to factors that are specifically related to a particular company, as well as general market conditions, such as real or perceived adverse economic or political conditions, inflation rates and/or investor expectations concerning such rates, changes in interest rates, or adverse investor sentiment generally. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments. Geopolitical events, including terrorism, tensions or open conflict between nations, or political or economic dysfunction within some nations that are global economic powers, may lead to instability in world economies and markets, may lead to increased market volatility, and may have adverse long-term effects. Events such as environmental and natural disasters, public health crises (such as epidemics and pandemics), social unrest, and cybersecurity incidents, and governments' reactions to such events, could cause uncertainty in the markets and may adversely affect the performance of the global economy.
- **Management Risk:** The risk that the investment techniques and risk analyses applied by the investment adviser, including but not limited to the Adviser's integration of ESG factors into its research analysis, will not produce the desired results and that legislative, regulatory, or tax developments may affect the investment techniques available to the investment adviser and the individual portfolio manager in connection with managing the Fund. There is no guarantee that the investment objective of the Fund will be achieved.
- **Mid-Cap Risk:** Investment in mid-cap companies may be riskier than investments in larger, more established companies. The securities of mid-cap companies may trade less frequently and in smaller volumes, and as a result, may be less liquid than securities of larger companies. In addition, mid-cap companies may be more vulnerable to economic, market and industry changes. As a result, share price changes may be more sudden or erratic than the prices of other equity securities, especially over the short-term. Because mid-cap companies may have limited product lines, markets or financial resources or may depend on a few key employees, they may be more susceptible to particular economic events or competitive factors than large capitalization companies.
- **Non-Diversification Risk:** Because the Fund is non-diversified and may invest a larger portion of its assets in the securities of a single issuer than a diversified fund, an investment in the Fund could fluctuate in value more than an investment in a diversified fund.
- **Sector Risk:** Although the Fund may not "concentrate" (invest 25% or more of its net assets) in any industry, it may focus its investments from time to time on one or more economic sectors. To the extent that it does so, developments affecting companies in that sector or sectors will likely have a magnified effect on the Fund's NAV and total returns and may subject the Fund to greater risk of loss. Accordingly, the Fund could be considerably more volatile than a broad-based market index or other mutual funds that are diversified across a greater number of securities and sectors.
- **Information Technology Sector Risk.** At certain points, the Fund has focused its investments in the information technology sector. Information technology companies face competition and potentially rapid product obsolescence. They are also heavily dependent on intellectual property rights and may be adversely affected by the loss or impairment of those rights. Companies in the information technology sector are facing increased government and regulatory scrutiny and may be subject to adverse government or regulatory action. Companies in the software industry may be adversely affected by, among other things, the decline or fluctuation of subscription renewal rates for their products and services and actual or perceived vulnerabilities in their products or services.

OTHER RISKS

In addition to the principal risks described above, the Fund may also be subject to the following additional risk.

- **Cyber Security Risk:** As part of its business, the Adviser processes, stores and transmits large amounts of electronic information, including information relating to the transactions of the Fund. The Adviser and Fund may be susceptible to operational and information security risk. Cyber security failures or breaches of the Adviser or the Fund's other service providers have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, the inability of the Fund's shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties and/or reputational

damage. The Fund and its shareholders could be negatively impacted as a result.

- **Risks Related to Changes in Government Policies and Institutions:** The U.S. government has recently made, and may continue to make from time to time, significant changes to established, and in some cases longstanding, policies and institutions of the United States federal government, including the restructuring of the United States' trade relationships, imposition of tariffs on products imported from foreign markets, reducing government investment, and downsizing or dismantling of government agencies. Such changes may have immediate and/or longstanding effects on the economies of the United States, its trade partners, and/or its allies. There could be a wide range of consequences that are difficult or impossible to predict from such actions. Such consequences may include a decrease in regulatory oversight of certain highly regulated industries (banking, financial services, data security, drug and medical device development, and energy), an increase in regulatory backlog leading to significantly slower regulatory approval processes, uncertainty with respect to the authority of certain agencies or their personnel, the inability of the federal government and its agencies to maintain the security of personal data of United States citizens and/or of other digital assets. The business and prospects of companies that do business with the government or which rely on government funding may be materially and adversely affected

Disclosure of Portfolio Holdings

A description of the Fund's policies and procedures with respect to the disclosure of its portfolio securities is available in the Fund's SAI, which is available, free of charge, by calling Shareholder Services toll-free at (888) 678-6024 and on the Fund's website at <https://www.polencapital.com/strategies/growth-fund>. The SAI may also be viewed or downloaded, free of charge, from the EDGAR database on the Securities and Exchange Commission's ("SEC") website at www.sec.gov.

MORE INFORMATION ABOUT MANAGEMENT OF THE FUND

The Trust's Board of Trustees supervises the management, activities and affairs of the Fund and has approved contracts with various organizations to provide, among other services, the day-to-day management required by the Fund and its shareholders.

INVESTMENT ADVISER

Polen Capital Management, LLC ("Polen Capital" or the "Adviser") is a registered investment adviser headquartered at 1825 NW Corporate Blvd., Suite 300, Boca Raton, FL 33431. Polen Capital was founded in 1979 and, in addition to serving as the investment adviser to the Fund, provides portfolio management services to individuals, pension and profit sharing plans, other pooled investment vehicles, charitable organizations, state or municipal government agencies and other businesses. As of June 30, 2025, Polen Capital had approximately \$46.7 billion in assets under management. Polen Capital, subject to the general oversight of the Trust's Board of Trustees, has overall responsibility for directing the investments of the Fund in accordance with its investment objective, policies and limitations. For its services as Adviser to the Fund, Polen Capital is entitled to receive an investment advisory fee of 0.85% of the average daily net assets of the Fund. For the fiscal year ended April 30, 2025, after fee waivers and expense reimbursements, Polen Capital received an aggregate investment advisory fee as a percentage of average net assets of 0.85%.

A discussion of the basis for the Board of Trustees' approval of the investment management agreement between Polen Capital and the Trust, on behalf of the Fund, is available in the Fund's Semi-Annual Financials and Additional Information for the fiscal period ended October 31, 2024.

PORTFOLIO MANAGERS

Dan Davidowitz, CFA, Portfolio Manager, is portfolio manager for the Focus Growth strategy and a member of the investment team at Polen Capital. Mr. Davidowitz joined Polen Capital in 2005 after spending five years as Vice President and Research Analyst at Osprey Partners Investment Management, and with Mr. Ficklin, is responsible for the day-to-day portfolio management and investment analysis for the Fund. Mr. Davidowitz received his B.S. with high honors in Public Health from Rutgers University and an M.B.A. from the City University of New York, Baruch College Zicklin School of Business. Mr. Davidowitz is a CFA® charterholder.

Damon Ficklin, Head of Team, Portfolio Manager, is portfolio manager for the Focus Growth and Global Growth strategies, and a member of the investment team at Polen Capital. Mr. Ficklin joined Polen Capital in 2003

and previously served as a portfolio manager for the Fund from 2012 to 2019. Mr. Ficklin, with Mr. Davidowitz, is responsible for the day-to-day portfolio management and investment analysis for the Fund. Prior to joining Polen Capital, Mr. Ficklin spent one year as an equity analyst at Morningstar. Prior to that, he spent four years as a tax consultant at PricewaterhouseCoopers LLP. Mr. Ficklin earned a B.S., *magna cum laude*, in Accounting from the University of South Florida, an M.S.A. from Appalachian State University, and an M.B.A. with high honors from The University of Chicago Booth School of Business.

The Fund's SAI provides additional information about each Portfolio Manager's compensation, other accounts managed by each Portfolio Manager and each Portfolio Manager's ownership of Fund shares.

PRIOR PERFORMANCE OF THE INVESTMENT ADVISER

Shown on the opposite page is performance information for the Adviser's Large Capitalization Equity Composite (the "Composite"), a composite of all fully discretionary accounts managed by the Adviser that are not managed within a wrap fee structure. These accounts are managed with the same investment objective as the Fund, and are subject to substantially similar investment policies and techniques as those used by the Fund. The results presented are not intended to predict or suggest the return to be experienced by the Fund or the return that an individual investor might achieve by investing in the Fund.

The Composite for which results are reported is both gross of fees and "net" of fees (after deduction of advisory, brokerage and other expenses excluding fees paid separately by the investor such as custody fees). However, the Composite is not subject to the same type of expenses to which the Fund is subject, nor to the diversification requirements, specific tax restrictions and investment limitations imposed on the Fund by the 1940 Act or the Internal Revenue Code of 1986, as amended (the "Code"). Consequently, the performance results for the Composite could have been adversely affected if the separate accounts had been regulated as an investment company. In addition, to the extent that operating expenses incurred by the separate accounts are lower than the expected operating expenses of the Fund, the performance results of the Composite would be greater than what Fund performance would have been.

Past performance is not indicative of future results. The actual return and value of an account will fluctuate and at any point in time could be worth more or less than the amount initially invested.

Historical Performance of Composite

Year End	Total Firm Assets (millions)	Composite Assets		Annual Performance Results				
		U.S. Dollars (millions)	Number of Accounts	Composite		S&P 500®	Russell 1000® Growth	Composite Dispersion
				Gross	Net

Average Annualized Returns of Composite (as of 12/31/24)

	Gross	Net	S&P 500®	Russell 1000® Growth
1 Year	17.10%	16.14%	25.02%	33.36%
3 Years	0.82%	0.02%	8.93%	10.46%
5 Years	11.46%	10.70%	14.51%	18.94%
10 Years	14.64%	13.97%	13.09%	16.76%
15 Years	14.96%	14.26%	13.87%	16.44%
20 Years	12.39%	11.64%	10.35%	12.55%
25 Years	10.21%	9.42%	8.32%	7.80%
30 Years	13.90%	13.01%	10.92%	11.56%
Since Inception (12/31/88)	14.57%	13.60%	11.14%	11.85%

The results shown above: (1) represent a composite of fully discretionary accounts, that are not managed within a wrap fee structure, with substantially similar investment objectives, policies and strategies to the Fund, including those accounts no longer with the firm; (2) are time weighted total rates of return expressed in U.S. Dollars; (3) reflect all income, gains and losses and the reinvestment of any dividends or capital gains without provision for federal or state income taxes; and (4) are shown both gross of fees and “net” of fees (after deduction of advisory, brokerage or other expenses (excluding fees such as custody fees, consulting fees or fees of other service providers which are paid separately by the investor)). Net of fees performance was calculated using actual management fees.

“Firm” assets include all fee-paying accounts of the Adviser under management.

The “Annual Composite Dispersion” presented is an asset-weighted standard deviation for the accounts included in the Composite for the entire year. Standard deviation is a statistical measure of the degree to which an individual account's return varies from the mean return for the Composite. A high “Composite Dispersion” percentage would indicate greater volatility and thus greater potential risk.

The average market capitalization of portfolios in the Composite may differ from the weighted average market capitalization of the Standard & Poor's 500 Index (“S&P 500® Index”) and Russell 1000® Growth Index. Market capitalization is the value of a corporation as determined by the market price of its issued and outstanding shares of common stock. Additionally, the volatility of each of the S&P 500® Index and Russell 1000® Growth Index may be greater or less than the volatility of the separate accounts in the Composite. Each of the S&P 500® Index and Russell 1000® Growth Index is a non-managed index that does not accrue advisory or transactional expenses.

A complete list and description of each of the Adviser's composites, as well as additional information regarding policies for calculating and reporting returns, is available upon request.

The information above has not been audited by the Fund's independent registered public accounting firm, and the Fund's independent registered public accounting firm does not express an opinion thereon.

SHAREHOLDER INFORMATION

PRICING OF SHARES

The price of the Fund's shares is based on its NAV. The Fund values its assets, based on current market values when such values are available. The NAV per share of the Fund is calculated as follows:

$$\text{NAV} = \frac{\text{Value of Assets Attributable to the Shares} - \text{Value of Liabilities Attributable to the Shares}}{\text{Number of Outstanding Shares}}$$

The Fund's NAV per share is calculated once daily as of the close of regular trading on the Exchange (typically 4:00 p.m., Eastern time) on each business day (i.e., a day that the Exchange is open for business). The Exchange is generally open on Monday through Friday, except national holidays. The price at which a purchase, redemption or exchange is effected is based on the next calculation of NAV after the order is received in good form by an authorized financial institution or the transfer agent, plus any applicable sales charges.

The Fund's equity securities listed on any national or foreign exchange market system will be valued at the last sale price. Equity securities traded in the over-the-counter market are valued at their closing sale or official closing price. If there were no transactions on that day, securities traded principally on an exchange will be valued at the mean of the last bid and ask prices prior to the market close. Prices for equity securities normally are supplied by an independent pricing service approved by the Board of Trustees. The valuations of securities that trade principally on a foreign market that closes before the time as of which a Fund calculates its NAV will generally be based on an adjusted fair value price furnished by an independent pricing service as of the time NAV is calculated. Fixed income securities are valued based on market quotations, which are furnished by an independent pricing service. Any assets held by the Fund that are denominated in foreign currencies are valued daily in U.S. dollars at the foreign currency exchange rates that are prevailing at the time that the Fund determines the daily NAV per share. Foreign securities may trade on weekends or other days when the Fund does not calculate NAV. As a result, the market value of these investments may change on days when you cannot buy or sell shares of the Fund. Investments in any mutual fund are valued at their respective NAVs as determined by those mutual funds each business day (which may use fair value pricing as disclosed in their prospectuses).

Securities that do not have a readily available current market value are valued in good faith by the Adviser as "valuation designee" under the oversight of the Trust's Board of Trustees. The Adviser has adopted written policies and procedures for valuing securities and other assets in circumstances where market quotes are not readily available. In the event that market quotes are not readily available, and the security or asset cannot be valued pursuant to one of the aforementioned valuation methods, the value of the security or asset will be determined in good faith by the Adviser pursuant to its policies and procedures. On a quarterly basis, the Adviser's fair valuation determinations will be reviewed by the Trust's Board of Trustees. The Adviser's policy is intended to result in a calculation of the Fund's NAV that fairly reflects security or asset values as of the time of pricing. However, fair values for a security or asset determined pursuant to the Adviser's policies and procedures may not accurately reflect the price that the Fund could obtain if it were to dispose of that security or asset as of the time of pricing.

Market quotes are considered not readily available in circumstances where there is an absence of current or reliable market-based data (e.g., trade information, bid/asked information, broker quotes), including where events occur after the close of the relevant market, but prior to the close of the Exchange, that materially affect the values of the Fund's securities or assets. In addition, market quotes are considered not readily available when, due to extraordinary circumstances, an exchange or market on which a security trades does not open for trading for the entire day and no other market prices are available. The Adviser as valuation designee will monitor for significant events that may materially affect the values of the Fund's securities or assets and for determining whether the value of the applicable securities or assets should be re-evaluated in light of such significant events.

PURCHASE OF SHARES

Share Classes

The Trust offers Investor Class shares and Institutional Class shares of the Fund. Each Class of shares has different expenses and distribution arrangements to provide for different investment needs. This allows you to choose the class of shares most suitable for you depending on the amount and expected length of your investment and other relevant factors. Sales personnel may receive different compensation for selling each class of shares. Investor Class shares are for individuals, corporate investors and retirement plans. Institutional Class shares are available to individuals who can meet the required investment minimum and corporations or other institutions such as trusts, endowments, foundations or broker-dealers purchasing for the accounts of others. If you purchase Institutional Class shares through a financial intermediary, you may be charged a brokerage commission on shares transacted in, other transaction-based fees or other fees for the services of such organization.

Investor Class	Institutional Class
No initial sales charge	No initial sales charge
Higher annual expenses than Institutional Class shares due to distribution fee	Lower annual expenses than Investor Class shares due to no distribution fee

Shares representing interests in the Fund are offered on a continuous basis by the Fund’s principal underwriter, Foreside Funds Distributors LLC, a wholly owned subsidiary of Foreside Financial Group, LLC (d/b/a ACA Group) (the “Underwriter”). Shares of the Fund do not charge any sales loads or deferred sales loads in connection with the purchase of shares. Shares of the Fund are offered only to residents of states in which the shares are registered or qualified. You can purchase Investor Class and Institutional Class shares of the Fund through certain financial intermediaries or directly through BNY Mellon Investment Servicing, the Fund’s transfer agent, as discussed below. No share certificates are issued in connection with the purchase of Fund shares. The Fund reserves the right to waive the minimum initial investment requirement for any investor.

In the event your financial intermediary modifies or terminates its relationship with the Trust, your shares may be redeemed by the Trust unless you make arrangements to (a) transfer your Fund’s shares to another financial intermediary that is authorized to process Fund orders or (b) establish a direct account with the Fund’s transfer agent by following the instructions under “To Open An Account.” To open an account directly with the Fund, you must meet the minimum initial investment amount or, if available, exchange your shares for shares of another class in which you are eligible to invest.

In the event you modify or change your relationship with your financial intermediary through which you invest in the Fund (for instance, from an advisory relationship to a brokerage relationship) you may no longer be eligible to invest in a particular share class and your financial intermediary may exchange your shares for another share class which may be subject to higher expenses and Rule 12b-1 distribution fees.

In addition, the availability of certain classes of shares may be limited to certain intermediary platforms, which means that your eligibility to purchase a specific class of Fund shares may depend on whether your intermediary offers that class.

The Trust is not responsible for any loss in an investor’s account or tax liability resulting from an involuntary redemption.

Investor Class Shares

Distribution Plan

The Trust’s Board of Trustees, on behalf of the Fund’s Investor Class shares, has adopted a plan pursuant to Rule 12b-1 under the 1940 Act that allows the Fund to pay distribution and service fees for the sale and distribution of its shares and for services provided to its shareholders. Because these fees are paid out of the Fund’s assets on an ongoing basis, over time, these fees will increase the cost of your investment and may cost more than paying other types of sales charges. The distribution plan for Investor Class shares provides for payments of up to 0.25% of the average daily net assets of the Fund’s Investor Class shares.

Institutional Class Shares

Sales of each Fund's Institutional Class shares are not subject to a Rule 12b-1 fee. Institutional Class shares are available to individuals who can meet the required investment minimum and corporations or other institutions such as trusts, endowments, foundations or broker dealer purchasing for the accounts of others. If you purchase Institutional Class shares through an institutional organization, or a financial intermediary, you may be charged a brokerage commission on shares transacted in, other transaction-based fees or other fees for the services of such organization.

TO OPEN AN ACCOUNT

By Mail

Complete the application and mail it to BNY Mellon Investment Servicing (US) Inc. ("BNY Mellon Investment Servicing") at the address noted below, together with a check payable to the Fund. Please make sure your check is for at least \$3,000 with respect to Investor Class shares (\$2,000 if investing in an IRA) and at least \$100,000 with respect to Institutional Class shares. Mail the application and your check to:

Regular Mail:

Polen Growth Fund
FundVantage Trust
c/o BNY Mellon Investment Servicing
P.O. Box 534445
Pittsburgh, PA 15253-4445

Overnight Mail:

Attention: 534445
500 Ross Street, 154-0520
Pittsburgh, PA 15262
(888) 678-6024

The Fund will only accept checks drawn on U.S. currency on domestic banks. The Fund will not accept any of the following: cash or cash equivalents, money orders, traveler's checks, cashier's checks, bank checks, official checks and treasurer's checks, payable through checks, third-party checks and third-party transactions.

While the Fund does not generally accept foreign investors, it may in instances where either (i) an intermediary makes shares of the Fund available or (ii) the transfer agent, in the case of a direct to Fund subscription, has satisfied its internal procedures with respect to the establishment of foreign investor accounts. Please contact Shareholder Services toll-free at (888) 678-6024 for more information.

The USA PATRIOT Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. As requested on the application, you must supply your full name, date of birth, social security number, and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. This information will assist the Fund in verifying your identity. Until such verification is made, the Fund may temporarily limit additional share purchases. In addition, the Fund may limit additional share purchases or close an account if it is unable to verify a shareholder's identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

By Wire

To make a same-day wire investment, call Shareholder Services toll-free at (888) 678-6024 before 4:00 p.m. Eastern time for current wire instructions. An account number will be assigned to you. **Please make sure your wire is for at least \$3,000 with respect to Investor Class shares (\$2,000 if investing in an IRA) and at least \$100,000 with respect to Institutional Class shares.** Your wire must be received by the stock market close, typically 4:00 p.m. Eastern time, to receive that day's price per share. Your bank may charge a wire fee.

Individual Retirement Account and Education Savings Account Investments

You may invest in the Fund through the following individual retirement accounts:

- Traditional Individual Retirement Accounts ("IRAs")
- Savings Incentive Match Plan for Employees ("SIMPLE IRAs")

- Spousal IRAs
- Roth Individual Retirement Accounts (“Roth IRAs”)
- Simplified Employee Pension Plans (“SEP IRAs”)
- Coverdell Education Savings Accounts (“CESAs”)

Additional Information

If you have questions regarding the purchase of Fund shares, call Shareholder Services toll-free at (888) 678-6024 before 4:00 p.m. Eastern time.

TO ADD TO AN ACCOUNT

By Mail

Fill out an investment slip from a previous confirmation and write your account number on your check. **Please make sure that your check is payable to the Fund and that your additional investment is for at least \$100 with respect to Investor Class shares.** There is no minimum additional investment with respect to Institutional Class shares. Mail the slip and your check to:

Regular Mail:

Polen Growth Fund
FundVantage Trust
c/o BNY Mellon Investment Servicing
P.O. Box 534445
Pittsburgh, PA 15253-4445

Overnight Mail:

Attention: 534445
500 Ross Street, 154-0520
Pittsburgh, PA 15262
(888) 678-6024

By Wire

Call Shareholder Services toll-free at (888) 678-6024 for current wire instructions. The wire must be received by the stock market close, typically 4:00 p.m. Eastern time, for same day processing. Your bank may charge a wire fee. **Please make sure your wire is for at least \$100 with respect to Investor Class shares.** There is no minimum additional investment with respect to Institutional Class shares.

Automatic Investment Plan

You may open an automatic investment plan account for Investor Class shares with a \$2,000 initial purchase and a \$100.00 monthly investment and for Institutional Class shares with a \$100,000 initial purchase and no minimum monthly investment. If you have an existing account that does not include the automatic investment plan, you can contact the Fund toll-free at (888) 678-6024 to establish an automatic investment plan. The automatic investment plan provides a convenient method to have monies deducted directly from your bank account for investment in the Fund. You may authorize the automatic withdrawal of funds from your bank account for a monthly minimum amount of \$100.00. The Fund may alter, modify or terminate this plan at any time. To begin participating in this plan, please complete the “Automatic Investment Plan” section found on the application or contact the Fund’s transfer agent toll-free at (888) 678-6024.

Automated Clearing House (ACH) Purchase

Current shareholders may purchase additional shares via Automated Clearing House (“ACH”). To have this option added to your account, please send a letter to the Fund requesting this option and supply a voided check for the bank account. Only bank accounts held at domestic institutions that are ACH members may be used for these transactions.

You may not use ACH transactions for your initial purchase of Fund shares. ACH purchases will be effective at the closing price per share on the same business day for orders placed prior to 4:00 p.m. Eastern time. Orders placed thereafter will be effective at the closing price per share on the next business day. The Fund may alter, modify or terminate this purchase option at any time.

Shares purchased by ACH will not be available for redemption until the transactions have cleared. Shares purchased via ACH transfer may take up to 15 days to clear.

Purchase Price

Purchase orders received in good order by the Fund's transfer agent before the close of regular trading on the Exchange on any business day will be priced at the NAV that is determined as of the close of trading on the Exchange. Purchase orders received in good order after the close of regular trading on the Exchange will be priced as of the close of regular trading on the following business day. "Good Order" means that the purchase request is complete and includes all accurate required information. Purchase requests not in good order may be rejected.

Financial Intermediaries

You may purchase shares of the Fund through a financial intermediary who may charge you a commission on your purchase, may charge additional fees, and may require different minimum investments or impose other limitations on buying and selling shares. "Financial intermediaries" include brokers, dealers, banks (including bank trust departments), insurance companies, investment advisers, financial advisers, financial planners, retirement or 401(k) plan administrators, their designated intermediaries and any other firm having a selling, administration or similar agreement. The financial intermediary is responsible for transmitting orders by close of business and may have an earlier cut-off time for purchase and sale requests. Purchase and redemption orders placed through a financial intermediary will be deemed to have been received and accepted by the Fund when the financial intermediary accepts the order. It is the responsibility of the financial intermediary or nominee to promptly forward purchase or redemption orders and payments to the Fund. Customer orders are required to be priced at the Fund's NAV next computed after the authorized financial intermediary or its authorized representatives' receipt of the order to buy or sell. Purchase and redemption requests sent to such authorized broker (or its designee) are executed at the NAV next determined after the intermediary receives the request if transmitted to the Fund's transfer agent in accordance with the Fund's procedures and applicable law. Financial intermediaries may also designate other intermediaries to accept purchase and redemption orders on the Fund's behalf. Consult your investment representative for specific information.

It is the responsibility of the financial intermediary to transmit orders for the purchase of shares by its customers to the transfer agent and to deliver required funds on a timely basis, in accordance with the procedures stated above.

In the event your financial intermediary modifies or terminates its relationship with the Trust, your shares may be subject to involuntary redemption unless you make arrangements to (a) transfer your Fund shares to another financial intermediary that is authorized to process Fund orders or (b) establish a direct account with the Fund's transfer agent by following the instructions under "To Open An Account."

Networking and Sub-Transfer Agency Fees. The Fund may also directly enter into agreements with financial intermediaries pursuant to which it will pay the financial intermediary for services such as networking or sub-transfer agency, including the maintenance of "street name" or omnibus accounts and related sub-accounting, record-keeping and administrative services provided to such accounts. Payments made pursuant to such agreements are generally based on either (1) a percentage of the average daily net assets of clients serviced by such financial intermediary, or (2) the number of accounts serviced by such financial intermediary. Any payments made pursuant to such agreements are in addition to, rather than in lieu of, Rule 12b-1 distribution or shareholder service fees the financial intermediary may also be receiving. From time to time, the Adviser or its affiliates may pay a portion of the fees for networking or sub-transfer agency at its or their own expense and out of its or their own resources. These payments may be material to financial intermediaries relative to other compensation paid by the Fund and/or the Underwriter, the Adviser and their affiliates. The payments described above may differ and may vary from amounts paid to the Fund's transfer agent for providing similar services to other accounts. The financial intermediaries are not audited by the Fund, the Adviser or their service providers to determine whether such intermediaries are providing the services for which they are receiving such payments.

Additional Compensation to Financial Intermediaries. The Adviser, and, from time to time, affiliates of the Adviser may also, at their own expense and out of their own resources, provide additional cash payments to financial intermediaries who sell shares of the Fund. These additional cash payments are payments over and above sales commissions or reallowances, distribution fees or servicing fees (including networking, administration and sub-transfer agency fees) payable to a financial intermediary which are disclosed elsewhere in this Prospectus. These additional cash payments are generally made to financial intermediaries that provide sub-accounting, sub-transfer agency, shareholder or administrative services or marketing support. Marketing support may include: (i) access to sales meetings or conferences, sales representatives and financial intermediary management representatives; (ii) inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs to which financial intermediaries provide more marketing support than to other sales programs on which the Adviser or its affiliates may not need to

make additional cash payments to be included; (iii) promotion of the sale of the Fund's shares in communications with a financial intermediaries' customers, sales representatives or management representatives; and/or (iv) other specified services intended to assist in the distribution and marketing of the Fund's shares. These additional cash payments also may be made as an expense reimbursement in cases where the financial intermediary provides shareholder services to Fund shareholders. The Adviser and its affiliates may also pay cash compensation in the form of finders' fees or referral fees that vary depending on the dollar amount of shares sold.

The amount and value of additional cash payments vary for each financial intermediary. The additional cash payment arrangement between a particular financial intermediary and the Adviser or its affiliates may provide for increased rates of compensation as the dollar value of the Fund's shares or particular class of shares sold or invested through such financial intermediary increases. The availability of these additional cash payments, the varying fee structure within a particular additional cash payment arrangement and the basis for and manner in which a financial intermediary compensates its sales representatives may create a financial incentive for a particular financial intermediary and its sales representatives to recommend the Fund's shares over the shares of other mutual funds based, at least in part, on the level of compensation paid. A financial intermediary and its sales representatives may have similar financial incentives to recommend a particular class of the Fund's shares over other classes of its shares. You should consult with your financial adviser and review carefully any disclosure by the financial firm as to compensation received by your financial adviser.

Although the Fund may use financial firms that sell the Fund's shares to effect portfolio transactions for the Fund, the Fund and the Adviser will not consider the sale of Fund shares as a factor when choosing financial firms to effect those transactions.

For more information about these additional cash payments made to financial intermediaries, please refer to the section entitled "Additional Compensation to Financial Intermediaries" located in the SAI.

Rights Reserved by the Fund

The Fund reserves the right to:

- reject any purchase order;
- suspend the offering of shares;
- vary the initial and subsequent investment minimums;
- waive the minimum investment requirement for any investor;
- redeem accounts with balances below the minimum account size after 30 days' written notice.
- redeem your shares in the event your financial intermediary's relationship with the Trust is modified or terminated;
- subject to applicable law, redeem your shares in other circumstances determined by the Board of Trustees to be in the best interest of the Fund; and
- redeem your shares if you hold your shares through a financial intermediary and you propose to transfer your shares to another financial intermediary that does not have a relationship with the Trust.

The Trust will not be responsible for any loss in an investor's account or tax liability resulting from an involuntary redemption.

Market Timing and Frequent Trading Policy

The Fund discourages frequent purchases and redemptions, and the Trust's Board of Trustees has adopted policies and procedures consistent with such position. The Fund is not designed to accommodate market timing or short-term trading. Frequent or excessive trades into or out of the Fund in an effort to anticipate changes in market prices of its investment portfolio is generally referred to as "market timing." Market timing can adversely impact the ability of the Adviser to invest assets in an orderly manner, which in turn may adversely impact the expenses and the performance of the Fund. These expenses are borne by all Fund shareholders, including long-term investors who do not generate such costs. Specifically, frequent trading may result in the Fund engaging in activities to a greater extent than it otherwise would, such as maintaining higher cash balances, using a line of credit and trading in portfolio securities, each of which may increase expenses and decrease performance. This occurs when market timers attempt to trade Fund shares when the NAV of the Fund does not reflect the value of the underlying portfolio securities.

To deter market timing and to minimize harm to the Fund and its shareholders, the Fund reserves the right to restrict, reject or cancel, without prior notice, any purchase order by market timers or by those persons the Fund believes are engaging in similar trading activity that, in the judgment of the Fund or the Adviser, may be disruptive to the Fund. The Fund will not be liable for any loss resulting from rejected purchase orders. No waivers of the provisions of this policy established to detect and deter market timing and other excessive trading activity are permitted that would harm the Fund and its shareholders or would subordinate the interests of the Fund and its shareholders to those of the Adviser or any affiliated person or associated person of the Adviser.

The Fund's Chief Compliance Officer ("CCO") reviews on an as-needed basis, as determined by the CCO in coordination with the Adviser and other service providers, available information related to the trading activity in the Fund in order to assess the likelihood that the Fund may be the target of market timing or similar trading practices. If, in its judgment, the Fund or the Adviser detects excessive, short-term trading, the Fund may reject or restrict a purchase request and may further seek to close an investor's account with the Fund. The Fund may modify its procedures from time to time without prior notice regarding the detection of excessive trading or to address specific circumstances. The Fund will apply its procedures in a manner that, in the Fund's judgment, will be uniform.

There is no guarantee that the Fund or its agents will be able to detect frequent trading activity or the shareholders engaged in such activity, or, if it is detected, to prevent its recurrence.

In order for a financial intermediary to purchase shares of the Fund for an "omnibus" account, in nominee name or on behalf of another person, the Trust will enter into shareholder information agreements with such financial intermediary or its agent. These agreements require each financial intermediary to provide the Fund access, upon request, to information about underlying shareholder transaction activity in these accounts and the Shareholder's Taxpayer Identification Number (or International Taxpayer Identification Number or other government issued identifier). If a shareholder information agreement has not been entered into by a financial intermediary, such financial intermediary will be prohibited from purchasing Fund shares for an "omnibus" account, in nominee name or on behalf of another person. If necessary, the Fund may prohibit additional purchases of Fund shares by a financial intermediary or by certain customers of the financial intermediary. Financial intermediaries may also monitor their customers' trading activities in the Fund. The criteria used by intermediaries to monitor for excessive trading may differ from the criteria used by the Fund. If a financial intermediary fails to enforce the Fund's excessive trading policies, the Fund may take certain actions, including terminating the relationship.

REDEMPTION OF SHARES

You may "redeem" or sell your shares on any day the Exchange is open, either directly through the Fund's transfer agent, BNY Mellon Investment Servicing, or through your broker-dealer. The price you receive will be the NAV next calculated after receipt of the request in good order. "Good Order" means that the redemption request is complete and includes all accurate required information including any medallion signature guarantees, if necessary.

Redemption Policies

Payment for redemptions of Fund shares is usually made within one business day, but not later than seven calendar days after receipt of your redemption request, unless the check used to purchase the shares has not yet cleared. The Fund may suspend the right of redemption or postpone the date of payment for more than seven days during any period when: (1) trading on the Exchange is restricted or the Exchange is closed for other than customary weekends and holidays, (2) the SEC has by order permitted such suspension for the protection of the Fund's shareholders or (3) an emergency exists, as determined by the SEC, making disposal of portfolio securities or valuation of net assets of the Fund not reasonably practicable. The Fund will automatically redeem shares if a purchase check is returned for insufficient funds and the shareholder's account will be charged for any loss. The Fund reserves the right to reject any third-party check.

Under normal market conditions, the Fund generally meets redemption requests through its holdings of cash or cash equivalents or by selling a portion of the Fund's holdings consistent with its investment strategy. The Fund generally pays redemptions proceeds in cash; however, the Fund reserves the right to honor certain redemptions "in-kind" with securities, rather than cash. The Fund is more likely to redeem in-kind to meet large redemption requests or during times of market stress.

TO REDEEM FROM YOUR ACCOUNT

By Mail

To redeem your shares by mail:

- Write a letter of instruction that includes: the name of the Fund, your account number, the name(s) in which the account is registered and the dollar value or number of shares you wish to sell.
- Include all signatures and any additional documents that may be required.
- Mail your request to:

Regular Mail:

Polen Growth Fund
FundVantage Trust
c/o BNY Mellon Investment Servicing
P.O. Box 534445
Pittsburgh, PA 15253-4445

Overnight Mail:

Polen Growth Fund
FundVantage Trust
c/o BNY Mellon Investment Servicing
Attention: 534445
500 Ross Street, 154-0520
Pittsburgh, PA 15262
(888) 678-6024

- A check will be mailed to the name(s) and address in which the account is registered and may take up to seven days.
- The Fund may require additional documentation or a medallion signature guarantee on any redemption request to help protect against fraud.
- The Fund requires a medallion signature guarantee if the written redemption request exceeds \$100,000, the address of record has changed within the past 30 days or the proceeds are to be paid to a person other than the account owner of record.

By Telephone

To redeem your shares by telephone, call Shareholder Services toll-free at (888) 678-6024. The proceeds will be paid to the registered owner: (1) by mail at the address on the account, or (2) by wire to the pre-designated bank account on the fund account. To use the telephone redemption privilege, you must have selected this service on your original account application or submitted a subsequent medallion signature guaranteed request in writing to add this service to your account. The Fund and BNY Mellon Investment Servicing reserve the right to refuse any telephone transaction when they are unable to confirm to their satisfaction that a caller is the account owner or a person preauthorized by the account owner. BNY Mellon Investment Servicing has established security procedures to prevent unauthorized account access. Neither the Fund nor any of its service contractors will be liable for any loss or expense in acting upon telephone instructions that are reasonably believed to be genuine. The telephone transaction privilege may be suspended, limited, modified or terminated at any time without prior notice by the Fund or BNY Mellon Investment Servicing.

By Wire

In the case of redemption proceeds that are wired to a bank, the Fund transmits the payment only on days that commercial banks are open for business and only to the bank and account previously authorized on your application or your medallion signature guaranteed letter of instruction. The Fund and BNY Mellon Investment Servicing will not be responsible for any delays in wired redemption proceeds due to heavy wire traffic over the Federal Reserve System. The Fund reserves the right to refuse a wire redemption if it believes that it is advisable to do so. You may also have your redemption proceeds sent to your bank via ACH. BNY Mellon Investment Servicing does not charge for this service, however, please allow 2 to 3 business days for the transfer of money to reach your banking institution.

Systematic Withdrawal Plan

Once you have established an account with \$10,000 or more, you may automatically receive funds from your account on a monthly, quarterly or semi-annual basis (minimum withdrawal of \$100). Call Shareholder Services toll-free at (888) 678-6024 to request a form to start the Systematic Withdrawal Plan.

Selling Recently Purchased Shares

If you wish to sell shares that were recently purchased by check, the Fund may delay mailing your redemption check for up to 15 business days after your redemption request to allow the purchase check to clear. The Fund reserves the right to reject any redemption request for shares recently purchased by check that has not cleared, and the Fund may require that a subsequent request be submitted.

Late Trading

Late trading is the practice of buying or selling Fund shares at the closing price after the Fund's NAV has been set for the day. Federal securities laws governing mutual funds prohibit late trading. The Fund has adopted trading policies designed to comply with requirements of the federal securities laws.

TRANSACTION POLICIES

Timing of Purchase or Sale Requests

All requests received in Good Order by BNY Mellon Investment Servicing or authorized dealers of Fund shares before the close of regular trading on the Exchange, typically 4:00 p.m. Eastern time, will be executed the same day, at that day's NAV. Such orders received after the close of regular trading of the Exchange will be executed the following day, at that day's NAV. All investments must be in U.S. dollars. Purchase and redemption orders are executed only on days when the Exchange is open for trading. If the Exchange closes early, the deadlines for purchase and redemption orders are accelerated to the earlier closing time.

New York Stock Exchange Closings

The Exchange is typically closed for trading on New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Investments through Financial Intermediaries/Nominees

If you invest through a financial intermediary or nominee, such as a broker-dealer or financial adviser (rather than directly through the Fund), certain policies and fees regarding your investment in the Fund may be different than those described in this Prospectus. In the event your financial intermediary modifies or terminates its relationship with the Trust, your shares may be subject to involuntary redemption unless you make arrangements to (a) transfer your Fund shares to another financial intermediary that is authorized to process Fund orders or (b) establish a direct account with the Fund's transfer agent by following the instructions under "To Open An Account." Financial intermediaries and nominees may charge transaction fees, may charge you a commission on your purchase, and may set different minimum investments or limitations or procedures on buying or selling shares; however, in the event that your financial intermediary modifies or terminates its relationship with the Trust and you chose to open an account directly with the Fund, you must meet the minimum initial investment amount or, if available, exchange your shares for shares of another class in which you are eligible to invest. The Fund will be deemed to have received a purchase or redemption order when an authorized broker, or, if applicable, a broker's designee receives the order. It is the responsibility of the financial intermediary or nominee to promptly forward purchase or redemption orders and payments to the Fund. You will not be charged any additional fees by the Fund (other than those described in this Prospectus) if you purchase or redeem shares directly through the Fund.

Contact your financial intermediary for specific information regarding the availability and suitability of various account options described throughout this Prospectus. Contact your financial intermediary for specific information with respect to the financial intermediary's policies regarding minimum purchase and minimum balance requirements and involuntary redemption, which may differ from what is described throughout this Prospectus.

Account Minimum

You must keep at least \$2,000 worth of Investor Class and Institutional Class shares in your account to keep the account open. If, after giving you 30 days' prior written notice, your account value is still below \$2,000 due to your redemptions (not including market fluctuations), the Fund may redeem your shares and send you a check for the redemption proceeds.

Medallion Signature Guarantees

The Fund may require additional documentation for the redemption of corporate, partnership or fiduciary accounts, or medallion signature guarantees for certain types of transfer requests or account registration changes. A medallion signature guarantee helps protect against fraud. A medallion signature guarantee is required if the written redemption request exceeds \$100,000, the address of record has changed within the past 30 days, or the proceeds are to be paid to a person other than the account owner of record. When the Fund requires a signature guarantee, a medallion signature must be provided. A medallion signature guarantee may be obtained from a domestic bank or trust company, broker, dealer, clearing agency, saving association or other financial institution that is participating in a medallion program recognized by the Securities Transfer Association. The Fund recognizes the following three medallion programs: (i) Securities Transfer Agents Medallion Program (STAMP), (ii) Stock Exchanges Medallion Program (SEMP) and (iii) New York Stock Exchange, Inc., Medallion Signature Program (MSP). Signature guarantees from a financial institution that does not participate in one of these programs will not be accepted. Call Shareholder Services toll-free at (888) 678-6024 for further information on obtaining a proper signature guarantee.

Customer Identification Program

Federal law requires the Fund to obtain, verify and record identifying information, which includes the name, residential or business street address, date of birth (for an individual), social security or taxpayer identification number or other identifying information for each investor who opens or reopens an account with the Fund. Applications without the required information, or without any indication that a social security or taxpayer identification number has been applied for, will not be accepted. After acceptance, to the extent permitted by applicable law or its customer identification program, the Fund reserves the right to: (i) place limits on transactions in any account until the identity of the investor is verified; or (ii) refuse an investment in the Fund or to involuntarily redeem an investor's shares and close an account in the event that an investor's identity is not verified. The Fund and its agents will not be responsible for any loss in an investor's account resulting from the investor's delay in providing all required identifying information or from closing an account and redeeming an investor's shares when an investor's identity cannot be verified.

Other Documents

Additional documents may be required for purchases and redemptions when shares are registered in the name of a corporation, partnership, association, agent, fiduciary, trust, estate or other organization. For further information, call Shareholder Services toll-free at (888) 678-6024.

EXCHANGING INTO OTHER SHARE CLASSES

You may transfer your shares into another class of shares of this Fund if you meet the eligibility requirements for the class into which you would like to transfer. If you purchased your shares from the Fund directly, call the transfer agent toll-free at (888) 678-6024 for information on exchanging shares into another class of the Fund. If you purchased your shares through a financial intermediary, you should contact such financial intermediary for information on exchanging shares into another class of the Fund. Transfers between classes of a single Fund are generally not considered a taxable transaction. This exchange privilege may be modified or terminated upon sixty (60) days' written notice to shareholders.

EXCHANGING INTO OTHER POLEN FUNDS

An exchange occurs when you use the proceeds from the redemption of shares of one Polen fund to simultaneously purchase shares of a different Polen fund. You can make exchange requests by telephone or by mail. See "To Redeem from Your Account" for contact information.

If the Exchange is open for regular trading (generally until 4 p.m. Eastern time, on a business day) at the time an exchange request is received in good order, the trade date generally will be the same day. See "Redemption of Shares" for additional information on transaction requests.

The Funds will not accept your request to cancel any exchange request once processing has begun. Please be careful when placing an exchange request. Call Shareholder Services toll-free at (888) 678-6024 from Monday through Friday, 8:00 a.m. to 6:00 p.m., Eastern time before attempting to exchange a large dollar amount. By calling us before you attempt to exchange a large dollar amount, you may avoid delayed or rejected transactions.

Please note that the Funds reserve the right, without notice, to revise or terminate the exchange privilege, limit the amount of any exchange, or reject an exchange, at any time, for any reason. See “Market Timing and Frequent-Trading Policy” for additional restrictions on exchanges.

SHAREHOLDER SERVICES

Your Account

If you have questions about your account, including purchases, redemptions and distributions, call Shareholder Services toll free at (888) 678-6024 from Monday through Friday, 8:00 a.m. to 6:00 p.m., Eastern time.

Account Statements

The Fund currently provides the following account information:

- confirmation statements after transactions (except for certain automatic transactions, such as those related to automatic investment plan purchases or dividend reinvestments);
- account statements reflecting transactions made during the covered period (generally, monthly for Institutional Class shares, and quarterly or annually for Investor Class shares);
- tax information, which will be mailed each year by the Internal Revenue Service (the “IRS”) deadline, a copy of which will also be filed with the IRS, if necessary.

Financial statements with a summary of portfolio composition and performance will be available at least twice a year.

The Fund routinely provides the above shareholder services, but may charge additional fees for special services such as requests for historical transcripts of accounts.

With the exception of statutorily required items, the Fund may change any of the above practices without notice.

Delivery of Shareholder Documents

To reduce expenses, the Fund mails only one copy of its Prospectus and each Annual and Semi-Annual Financials and Additional Information to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, call Shareholder Services toll-free at (888) 678-6024 or, if your shares are held through a financial institution, please contact the financial institution directly. The Fund will begin sending you individual copies within 30 days after receiving your request.

DISTRIBUTIONS

Distributions of net investment income and net capital gains, if any, are declared and paid annually to you. The amount of any distribution will vary and there is no guarantee that the Fund will distribute either investment income or capital gains.

Distributions are payable to the shareholders of record at the time the distributions are declared (including holders of shares being redeemed, but excluding holders of shares being purchased). All distributions are reinvested in additional shares, unless you elect to receive the distributions in cash. Shares become entitled to receive distributions on the day after the shares are issued. If you invest in the Fund shortly before the ex-dividend date of a taxable distribution, the distribution will lower the value of the Fund’s shares by the amount of the distribution and, in effect, you will receive some of your investment back in the form of a taxable distribution. (see “More Information about Taxes — Distributions”).

MORE INFORMATION ABOUT TAXES

Each shareholder and prospective investor’s particular tax situation is unique, and, therefore, the tax information in this Prospectus is provided only for general information purposes and only for U.S. taxpayers and should not be considered as tax advice or relied on by a shareholder or prospective investor.

General. The Fund intends to qualify annually to be treated as a regulated investment company (a “RIC”) under Subchapter M of the Code. As such, the Fund will not be subject to federal income tax on the earnings it distributes to shareholders provided it satisfies certain requirements and restrictions set forth in the Code one of which is to distribute to its shareholders substantially all of its income and gains each year. If for any taxable year the Fund fails to qualify

as a RIC: (1) it will be subject to tax in the same manner as an ordinary corporation and will be subject to tax at the corporate tax rates then in effect; and (2) all distributions from its earnings and profits (as determined under federal income tax principles) will be taxable as ordinary dividend income eligible for the dividends-received deduction for corporate shareholders and the non-corporate shareholder long-term capital gain rate for “qualified dividend income” and ordinary rates for all other distributions, except for those treated as a return of capital or substitute dividends with respect to dividends paid on securities lent out by the Fund. In addition, dividends paid on securities lent out by the Fund may not qualify for the dividends received deduction.

Distributions. The Fund will make distributions to you that may be taxed as ordinary income or capital gains (which may be taxed at different rates depending on the length of time the Fund holds its assets). The dividends and distributions you receive may be subject to federal, state and local taxation, depending upon your tax situation. Distributions are taxable whether you reinvest such distributions in additional shares of the Fund or choose to receive cash.

Unless you are investing through a tax-deferred retirement account (such as a 401(k) or an IRA), you should consider avoiding a purchase of Fund shares shortly before the Fund makes a distribution, because making such a purchase can increase your taxes and the cost of the shares. This is known as “buying a dividend.” For example: On December 15, you invest \$5,000, buying 250 shares for \$20 each. If the Fund pays a distribution of \$1 per share on December 16, its share price will drop to \$19 (not counting market change). You still have only \$5,000 (250 shares x \$19 = \$4,750 in share value, plus 250 shares x \$1 = \$250 in distributions), but you owe tax on the \$250 distribution you received — even if you reinvest it in more shares and have to pay the tax due on the dividend without receiving any cash to pay the taxes. To avoid “buying a dividend,” check the Fund’s distribution schedule before you invest.

Ordinary Income. Net investment income (except for qualified dividends and income designated as tax-exempt), distributions of income from securities lending, and short-term capital gains that are distributed to you are taxable as ordinary income for federal income tax purposes regardless of how long you have held your Fund shares. Certain dividends distributed to non-corporate shareholders and designated by the Fund as “qualified dividend income” are eligible for the long-term capital gains tax rates. Short-term capital gains that are distributed to you are taxable as ordinary income for federal income tax purposes regardless of how long you have held your Fund shares. In addition, certain qualified REIT dividends may be eligible for a deduction for non-corporate shareholders.

Net Capital Gains. Net capital gains (i.e., the excess of net long-term capital gains over net short-term capital losses) distributed to you, if any, are taxable as long-term capital gains (based on the Fund’s holding period) for federal income tax purposes regardless of how long you have held your Fund shares.

Sale of Shares. It is a taxable event for you if you sell shares of the Fund. Depending on the purchase price and the sale price of the shares you sell, you may have a taxable gain or loss on the transaction. Any realized gain will be taxable to you, and, generally, will be capital gain, assuming you held the shares of the Fund as a capital asset. If you exchange shares of the Fund for shares of another fund, the exchange will be treated as a sale of the Fund’s shares and any gain on the transaction may be subject to federal income tax. The capital gain will be long-term or short-term depending on how long you have held your shares in the Fund. Sales of shares of the Fund that you have held for twelve months or less will be a short-term capital gain or loss and if held for more than twelve months will constitute a long-term capital gain or loss. Any loss realized by a shareholder on a disposition of shares held for six months or less will be treated as a long-term capital loss to the extent of any distributions of capital gain dividends received by the shareholder and disallowed to the extent of any distributions of tax-exempt interest dividends, if any, received by the shareholder with respect to such shares.

Returns of Capital. If the Fund’s distributions exceed its taxable income and capital gains realized during a taxable year, all or a portion of the distributions made in the same taxable year may be recharacterized as a return of capital to shareholders. A return of capital distribution will generally not be taxable to the extent of each shareholder’s basis in the Fund’s shares, but will reduce each shareholder’s cost basis in the Fund and result in a higher reported capital gain or lower reported capital loss when those shares on which the distribution was received are sold. If the return of capital distribution exceeds a shareholder’s cost basis, the excess amount will be capital gain, assuming you held your shares as a capital asset, and will be long-term or short-term capital gain depending on how long you have held your Fund shares.

Medicare Contribution Tax. U.S. individuals with income exceeding \$200,000 (\$250,000, if married and filing jointly and \$125,000 if married and filing separately) will be subject to a 3.8% Medicare contribution tax on net investment income including interest (excluding tax-exempt interest), dividends, and capital gains. If applicable, the tax will be

imposed on the lesser of the individual's (i) net investment income or (ii) the excess of modified adjusted gross income over \$200,000 (\$250,000 if married and filing jointly and \$125,000 if married and filing separately).

IRAs and Other Tax-Qualified Plans. One major exception to these tax principles is that a distribution on or the sale or exchange of shares held in an IRA (or other tax-qualified plan) will not be currently taxable unless the shares were acquired with borrowed funds.

Backup Withholding. The Fund may be required to withhold U.S. federal income tax on all taxable distributions and sales payable to shareholders who fail to provide their correct taxpayer identification number or to make required certifications, or who have been notified by the IRS that they are subject to backup withholding. The current backup withholding rate is 24%.

State and Local Income Taxes. This Prospectus does not discuss the state and local tax consequences of an investment in the Fund. **You are urged and advised to consult your own tax adviser concerning state and local taxes, which may have different consequences from those of the federal income tax laws.**

Non-U.S. Shareholders. Non-U.S. shareholders may be subject to U.S. tax as a result of an investment in the Fund. The Fund is required to withhold 30% tax on certain payments made to foreign entities that do not qualify for reduced withholding rates under a treaty and do not meet specified information reporting requirements under the Foreign Account Tax Compliance Act. This Prospectus does not discuss the U.S. or foreign country tax consequences of an investment by a non-U.S. shareholder in the Fund. **Non-U.S. shareholders are urged and advised to consult their own tax advisers as to the U.S. and foreign country tax consequences of an investment in the Fund.**

Basis Reporting and Holding Periods. A shareholder is responsible for tracking the tax basis and holding periods of the shareholder's shares in the Fund for federal income tax purposes. However, RICs, such as the Fund, must report cost basis information to you and the IRS when a shareholder sells or exchanges shares that are not in a tax deferred retirement account. The Fund will permit shareholders to elect from among several IRS accepted cost basis methods.

Statements and Notices. You will receive an annual statement outlining the tax status of your distributions. You may also receive written notices of certain foreign taxes and distributions paid by the Fund during the prior taxable year.

This section is only a summary of some of the important U.S. federal income tax considerations of taxable U.S. shareholders that may affect your investment in the Fund. This summary is provided for general information purposes only and should not be considered as tax advice and may not be relied on by a prospective investor. This general summary does not apply to non-U.S. shareholders or tax-exempt shareholders, and does not address state, local or foreign taxes. More information regarding these considerations is included in the Fund's SAI. All prospective investors and shareholders are urged and advised to consult their own tax adviser regarding the effects of an investment in the Fund on their particular tax situation.

FINANCIAL HIGHLIGHTS

The Financial Highlights tables are intended to help you understand the Fund's financial performance for the periods shown. Certain information reflects financial results for a single Fund share. The total investment return in the table represents the rate at which an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from financial statements audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm whose report, along with the Fund's financial statements, is included in form N-CSR for the period ended April 30, 2025. The 2025 financial statements and Financial Highlights are incorporated by reference into the Fund's SAI and is available upon request by calling toll-free at (888) 678-6024 or visiting the website <https://www.polencapital.com/strategies/growth-fund>.

FOR MORE INFORMATION

For additional information about the Fund, the following documents are available free upon request:

Annual and Semi-Annual Financials and Additional Information

The Fund's Annual and Semi-Annual Financials and Additional Information contain more information about the Fund's investments and performance including information on the Fund's portfolio holdings and operating results for the most recently completed fiscal year or half-year. The Annual Financials and Additional Information include a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its last fiscal year.

Statement of Additional Information (SAI)

The SAI contains more detailed information about the Fund and its policies. The information in the SAI, as supplemented from time to time, is incorporated by reference into this Prospectus. This means that the SAI, for legal purposes, is part of this Prospectus.

These documents will be available free of charge on the Fund's website at <https://www.polencapital.com/strategies/growth-fund>. You can also get a free copy of these documents and other information, or ask us any questions, including information on how to purchase or redeem Fund shares, by calling us at (888) 678-6024 or writing to:

Polen Growth Fund
FundVantage Trust
c/o BNY Mellon Investment Servicing
